Keyword List:

AXMEDIS videos, dissemination, promotion, exploitation.

1. Introduction

This deliverable reports the activity related to the production of promotional videos and videos on demonstrators and tutorials.

Please note that some of the videos are in a draft version and final versions will be provided later in the project. They do not pretend to be professional neither to be an exhaustive representation of the project results. They are only video to document the activities that the consortium decided to share with public audience.

The videos are in different formats, DIVX, MPEG-I or WMV, and they are playable with a large set of players. Also the torrent file can be downloaded. Please, use the AXEPTool to join the AXMEDIS P2P network.
